

Endorsement statement

This statement is included in every resource endorsed by Cambridge International Education.

Endorsement indicates that a resource has passed Cambridge International Education's rigorous quality-assurance process and is suitable to support the delivery of their [syllabus/curriculum framework]. However, endorsed resources are not the only suitable materials available to support teaching and learning, and are not essential to achieve the qualification. For the full list of endorsed resources to support this [syllabus/curriculum framework], visit www.cambridgeinternational.org/endorsedresources.

Any example answers to questions taken from past question papers, practice questions, accompanying marks and mark schemes included in this resource have been written by the authors and are for guidance only. They do not replicate examination papers. In examinations the way marks are awarded may be different. Any references to assessment and/or assessment preparation are the publisher's interpretation of the [syllabus/curriculum framework] requirements. Examiners will not use endorsed resources as a source of material for any assessment set by Cambridge International Education.

While the publishers have made every attempt to ensure that advice on the qualification and its assessment is accurate, the official [syllabus/curriculum framework], specimen assessment materials and any associated assessment guidance materials produced by the awarding body are the only authoritative source of information and should always be referred to for definitive guidance.

Our approach is to provide teachers with access to a wide range of high-quality resources that suit different styles and types of teaching and learning.
