# Welcome

We are delighted to congratulate students from China on their academic achievements in the June 2016 Cambridge examination series. The Outstanding Cambridge Learner Awards recognise the exceptional performance of

students around the world in Cambridge examinations. The awards reflect the talent and hard work of learners, and acknowledge the dedication and commitment of both teachers and parents.

It is extremely encouraging to see the growth in popularity of Cambridge examinations in China, with learners achieving outstanding results across all award categories.

I am delighted to celebrate the outstanding achievement of 54 students from 28 schools from different provinces who obtained the highest marks in the world, a really outstanding performance. I would also like to congratulate 50 students who received the 'Top in China' award, a much deserved recognition for their very hard work. All these awards demonstrate the high standard of education in our schools.

Every time a student performs well in their Cambridge examinations, they open up a world of opportunities. We are proud of every Cambridge learner represented in these awards for their commitment and hard work. We are always interested to hear from students about their experiences with Cambridge. Please keep in touch and tell us your story ([EastAsia@cie.org.uk](mailto:EastAsia@cie.org.uk)).

We hope that this recognition of your academic success will encourage you in your future education and careers. We look forward to congratulating more learners from China for their achievements in the future.

剑桥课程和资格证书越来越受欢迎。剑桥为 5 到 19 岁儿童及青少年提供国际教育课程及世界级资格证书。

Our programmes and qualifications are carefully designed to engage students and give them solid foundations to achieve high levels of academic and personal attainment. They reflect the latest educational research, and are well supported by teaching and learning resources. Created by subject experts, they set the global standard for international education.

Cambridge provides coherent and flexible routes through school education from age 5 to 19, through Cambridge Primary, Cambridge Secondary 1, Cambridge IGCSE and Cambridge International AS & A Level.

Our programmes offer more than knowledge development. They also emphasise developing students' independent thinking skills, problem-solving skills and creative abilities. We help students develop these skills by asking them to demonstrate deep subject understanding and apply it to new contexts.

At Cambridge, our philosophy is to teach students how to apply what they have learnt – to inspire them to become confident, responsible, reflective, innovative and engaged.

我们的课程和资格证书都经过精心设计，旨在吸引学生并让他们打下坚实的基础，从而实现高水平的学术和个人发展。它们是最新教育研究成果的体现，并有丰富的配套教学和学习资源。在全球顶级教育专家的倾力打造下，我们所推出的每一门课程都具备世界领先标准。

我们的课程不仅传授知识，而且注重培养学生的独立思考能力、解决问题能力及创新能力。我们鼓励学生对所学知识深入理解，举一反三运用到实际生活中，从而进一步拓展这些能力。

在剑桥，我们的理念是教授学生如何学以致用——培养学生乐观自信、认真负责、勤学善问、勇于创新 and 积极主动的个性。

We are pleased to acknowledge the success of all students who passed Cambridge examinations during the 2016 examination series. It gives us great pleasure to recognise the exceptional performance of learners who have been awarded the highest marks in a subject.

Our awards recognise outstanding performance in China, apart from our 'Top in the World' award which acknowledges exceptional performance globally.

We congratulate learners who have been recognised for 'High Achievement' based on outstanding performance in subjects which are not so widely taken in China. Our 'Best Across' winners are recognised for achieving the highest cumulative total marks over a set number of subjects.

We use strict criteria to calculate Cambridge awards. These criteria ensure that the achievements we recognise are consistent across the world in all subjects and at all qualification levels.

Learners receive awards if they have attained the highest marks in a subject, providing that they have achieved the minimum grade and standard mark for that award category.

Cambridge learners in China have gained awards in the following categories:

- Top in China for Cambridge IGCSE
- Top in China for Cambridge International AS Level
- Top in China for Cambridge International A Level
- Best Across Eight Cambridge IGCSEs
- Best Across Four Cambridge International AS Levels
- Best Across Three Cambridge International A Levels
- High Achievement in Cambridge IGCSE
- High Achievement in Cambridge International AS Level
- High Achievement in Cambridge International A Level
- Top in the World for Cambridge IGCSE
- Top in the World for Cambridge International AS Level
- Top in the World for Cambridge International A Level

我们祝贺所有顺利通过 2016 年剑桥系列考试的学生。同时，我们非常高兴有机会表彰在不同科目中获得出色成绩的学生。

除了表彰全球最高分的“世界顶尖奖”之外，我们的“中国顶尖奖”则表彰在中国地区取得出色成绩的学生们。

我们还设立了“出色成绩奖”，鼓励那些在中国未广泛开设的科目上取得优秀成绩的学生们。我们的“综合科目最优奖”授予在规定数量科目中取得最高总分的学生。

我们采用严格的标准来评选剑桥奖项。这些标准确保我们所表彰的成绩在全球所有科目和所有资格证书中都是一致的。

学生如果获得了科目最高分，即可获得奖项，前提是已取得该奖项所要求的最低等级和标准分数。
